

AOYI Warranty & Service Policy

Professional Support Throughout the Entire Product Lifecycle

AOYI Service Commitment

- **Up to 5 Years Warranty:** Warranty period depends on the product series and sales contract.
- **Lifetime Technical Support:** Professional remote technical support throughout the product lifecycle.
- **Free Spare Parts:** Free warranty spare parts supplied according to the contract.
- **Fast Response:** Technical inquiries responded to within 24 working hours.
- **Remote Diagnosis & Training:** Support via WhatsApp, Email, TeamViewer, AnyDesk and Zoom.
- **Installation Drawing Support:** CAD drawings, installation guidance and system configuration support.

1. Warranty Period

The warranty period starts from the shipment date unless otherwise specified in the sales contract.

2. Warranty Coverage

This warranty covers LED modules, power supplies, receiving cards, cabinet structure, factory-assembled cables and manufacturing defects under normal operating conditions.

3. Free Warranty Conditions

The product must be installed, operated and maintained according to AOYI guidelines and must not be modified without written authorization.

4. Warranty Exclusions

Damage caused by improper installation, misuse, accident, lightning, flood, fire, unstable power supply, unauthorized repair, physical damage or operation outside specified conditions is excluded.

5. Spare Parts Policy

Warranty spare parts are supplied free of charge according to the contract. Consumables and external damage are excluded.

6. Technical Support

AOYI provides remote diagnosis, software configuration, installation guidance, troubleshooting and operation support.

7. Service Procedure

Customer Report → AOYI Diagnosis → Problem Confirmation → Remote Solution → Replacement Parts (if required) → Case Closed.

8. Freight Responsibility

Replacement parts covered by warranty are supplied free of charge. Freight responsibility follows the sales contract or mutual agreement.

9. Warranty Void

Unauthorized modification, third-party repair, improper installation, intentional damage or abnormal operation voids the warranty.

10. Lifetime Technical Support

After the warranty period, AOYI continues to provide technical consultation, installation guidance, software support, spare parts supply and upgrade recommendations.
